- Lead a team of 10 people to help identify problems that communities often suffer from such as substance abuse and gun violence
- Come up with possible solutions for the community issues, such as hosting community events and a podcast.
- Design projects such as a podcast on substance abuse and a website that can help to bring more awareness
- Plan and organize community outreach events such as a block party to help the community come together
- Present a capstone project on the issues we identified to a group of 100 people.
- Plan and visit areas related to the project, such as hospitals and impoverished communities.
- Volunteer to help out in places such as rehab centers to gain more knowledge about substance abuse.
